NEW "Slimline" LED Lighting Range

To support the successful "Premium" LED work light range, Vapormatic has extended its LED work-light range and introduced a new Slimline category of affordable LED work lamps. The Slimline range of lamps are available in different sizes and with a flood beam pattern. All lights are manufactured with die-cast aluminium bodies along with tough, impact and chemical resistant polycarbonate lenses. All Slimline LED lights are E marked, ECE R10 certified and have IP67 protection.

VLC6135 - Slimline Square LED work light (Flood Beam)

This square LED work light is ideal for providing safe and productive field and close quarters night illumination. Powered by 5 x 3 watt LED's, the light has a low current draw and low power consumption for a longer working life whilst reducing strain on your vehicle battery. The Slimline, die-cast aluminium body is only 35mm deep with a tough, impact resistant polycarbonate lens.

- IP67 approved
- E-marked and ECE R10 approved – Zero electrical interference.

Specifications:

- Flood beam pattern (wide working range)
- 5 x 3W LED Bulbs
- 950 Lumens (raw)
- 883 Lumens (effective)
- Voltage 9-32V
- Working temp: -40°C ~ +50°C
- Stainless steel mounting bracket (M8 bolt)
- Pre-wired 2 core cable (19cm)

Light dimensions:

- Diameter: 106mm
- Height: 137mm (From bottom of bracket)
- Depth: 35mm

Product Summary:

- 5 x 3W LED's
- 883 effective lumens
- 35mm depth
- Flood beam
- Polycarbonate lens
- IP67 and E-marked
- 12 month warranty

VLC6136 - Slimline Round LED work light (Flood Beam)

This round LED work light is ideal for providing safe and productive field and close quarters night illumination. Powered by 6 x 3 watt LED's the light has a low current draw and low power consumption for a longer working life whilst reducing strain on your vehicle battery.

- IP67 approved
- E-marked and ECE R10 approved – Zero electrical interference.

Specifications:

- Flood beam pattern (wide working range)
- 6 x 3W LED Bulbs
- 1100 Lumens (raw)
- 1023 Lumens (effective)
- Voltage 9-32V
- Working temp: -40°C ~ +50°C
- Stainless steel mounting bracket (M8 bolt)
- Pre-wired 2 core cable (19cm)

Measurements:

- Diameter: 116mm
- Height: 139mm (From bottom of bracket)
- Depth: 36mm

Product Summary:

- 6 x 3W LED's
- 1023 effective lumens
- 36mm depth
- Flood beam
- Polycarbonate lens
- IP67 and E-marked
- 12 month warranty

"Premium" Vapormatic LED Lighting Range

The existing Vapormatic LED lamps range in size, shape; illumination and lens options of trapezoid or flood pattern. All applications are manufactured with die cast aluminium bodies with acrylic lenses, have IP67/68 waterproof rating, expected LED life of up to 50,000 hours and are capable of working in temperatures from -30°C ~ +50°C.

Lens patterns:
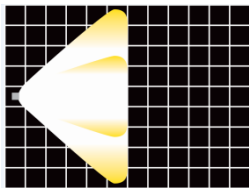

Flood - producing a shorter beam with a wide coverage, Ideal for field and close quarters use.
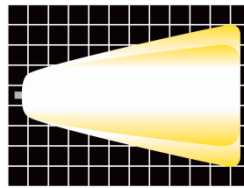

Trapezoid - producing a longer beam with a slightly narrower width, Ideal for Highway use.

VLC6111 – Heavy Duty Work Lamp - LED, Square, Bottom Mount (Flood pattern)

This square, LED lamp is powered using 1 x 25W LED, comes with a stainless mounting bracket and hollow mounting stud. It's small in size but extremely effective.

Measurements:
Width: 90mm
Height: 90mm
Depth: 70mm

Specifications:
2000 Lumens (Raw and Effective)
1 x 25W LED
Voltage 12/24V
Colour temp 6000K
Waterproof rating: IP68

**Features:**
Stainless mounting bracket
Body Material: Die cast aluminium
Lens material: Acrylic resin
Working temp: -30°C ~ +50°C

VLC6114 - Heavy Duty Sealed Beam LED, Roof mounted lamp (specific John Deere tractors)

This heavy duty sealed beam, roof mounted, LED lamp is powered by 4 x 3 watt LED's. This LED lamp is used as an application for specific John Deere tractors.

Measurements:
Width: 130mm
Height: 50mm

Specifications:
960 Lumens (Raw)
720Lumens (Effective)
4 x 3W LED's
Voltage 12/24V
Colour temp 6000K
Waterproof rating: IP68
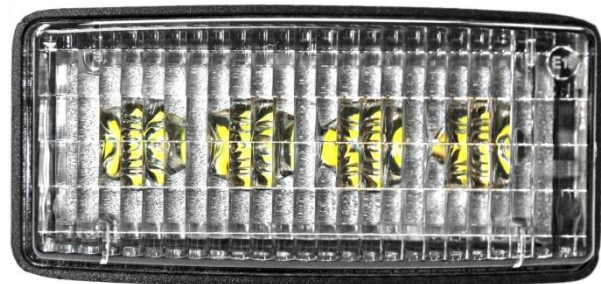

Features:
Body Material: Die cast aluminium
Lens material: Acrylic resin
Working temp: -30°C ~ +50°C

Applications:
John Deere 6000 and 6010 series tractors.

VLC6087 – Heavy Duty Work Lamp - LED, Oval, Bottom Mount (Flood Pattern)

This heavy duty oval, base mounted LED lamp is powered by 8 x 3 watt LED's, comes with a stainless mounting bracket and hollow mounting stud.

Measurements:
Width: 140mm
Height: 100mm
Depth: 80mm

Specifications:
1900 Lumens (Raw)
1500 Lumens (Effective)
8 x 3W LED's
Voltage 12/24V
Colour temp 6000K
Waterproof rating: IP67

Features:
Stainless mounting bracket
Body Material: Die cast aluminium
Lens material: Acrylic resin
Working temp: -30°C ~ +50°C

Applications: John Deere Tractor – 7220, 7320, 7420, 7520, 7630, 7720, 7730, 7820, 7830, 7920, 7930, 8120, 8130, 8220, 8230, 8320, 8330, 8420, 8430, (2006-2009), 8520, 8530, 9120, 9220, 9230, 9320, 9330, 9420, 9430, 9520, 9620, 9630.

VZZ9046 - Lighting Shelf

The Vapormatic LED light bar is perfect for merchandising work lighting and beacons in store; fitting directly on to a Vapormatic wall bay or gondola.

The light bar can hold 6 lights and has the added bonus of a 12V auxiliary socket to demonstrate beacons with an aux type plug connection. The central channel cut out allows lights to be positioned exactly as required.

(Work lights not included)

Lights are activated by illuminated numbered switches on the front of the display.

The light bar is simple to wire up and can be powered from any 12V power source.
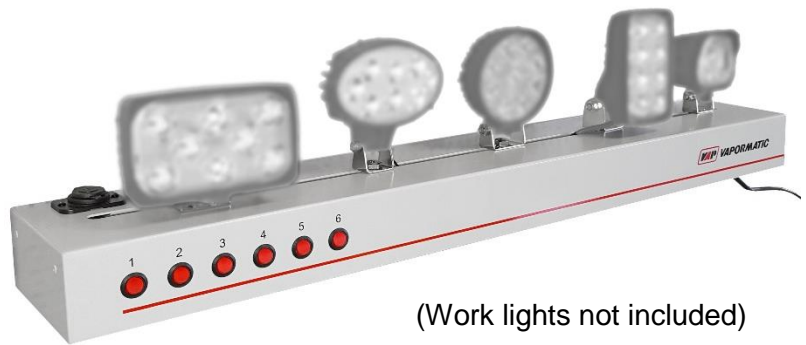

All Vapormatic quality replacement parts carry an industry leading **12 month parts and labour warranty.** For further information on specific items please visit **www.vapormatic.com**
